UNITED STATES DEPARTMENT OF AGRICULTURE
FOREST SERVICE

Bartow, West Virginia 24920

3400
REPLY TO: 5220 Detection

June 1, 1971

SUBJECT: Forest Insect and Disease Detection - Surveillance

TO: F. A. Dorrell, Forest Supervisor

Observations made on the Greenbrier District find no Spring Hardwood Defoliators except Oak Leaf Tier. These are not being reported to the Delaware office since they have a team making a continuing study of this problem in our area.
